Over many a quaint and curious
volume of forgotten lore,
While I nodded, nearly napping,
suddenly there came a tapping.

PRESS RELEASE: THE RAVEN by Edgar Allan Poe — A VR Experience

Producto Entertainment and Iron Monkey Games Unveil a Spine-Tingling Edgar Allan Poe Experience in VR

FOR IMMEDIATE RELEASE

REDONDO BEACH, CA – September 5, 2025 — *The Raven*, a chilling new adaptation of Edgar Allan Poe's classic poem, is now available for Meta Quest. This atmospheric horror experience is a joint production between **Producto Entertainment** and **Iron Monkey Games**, blending traditional literature with modern immersive storytelling.

Produced by **John Santos** (Producto Entertainment) and directed by **Paul Osier** (Iron Monkey Games), *The Raven* places players inside a haunted Victorian study as thunder rages and relics stir. Featuring the immersive and compelling voice acting of **Paul J. Rose**, the experience becomes not just a story, but a psychological descent into madness.

About the Experience: Set entirely from a seated perspective, *The Raven VR* unfolds as a surreal, audiovisual chamber piece. Players interact with cursed objects, witness shifting realities, and face the torment of a mysterious talking raven that refuses to leave. It's a short, impactful experience designed to echo long after the headset comes off.

Gothic Horror in VR: Poe's iconic tale brought to life with narration, eerie ambiance, and player-triggered events.

Seated, Immersive Gameplay: No locomotion required. The story surrounds you, unfolds through you, and eventually collapses on you.

Stylized Visuals & Sound Design: Dynamic lighting effects paired with haunting 3D audio and ambient design.

Perfect for Halloween: A must-play VR horror short for the spooky season, whether you're a Poe fan or a thrill-seeker.
